

Toilet Coin (POOP)

About the Project

Toilet Coin is the cleanest memecoin on Solana. No promises, no utopias — just memes, laughter, and POOP in your Phantom.

We don't promise the Moon. We promise fun while others panic on DeFi forums.

Mission

To flush boredom out of Solana. To bring humor and memes to the blockchain. We are a community that chooses laughter over FOMO.

Tokenomics

- Symbol: POOP
- Network: Solana
- Total Supply: 1,000,000,000 POOP
- Decentralization: 100% of tokens in the pool
